Travel to France and Switzerland with Xperitas
Who is Xperitas?
Xperitas is a nonprofit educational organization with 45+ years of experience dedicated to promoting global citizenship through authentic immersion experiences.

Mission
Transforming lives through shared global experience and intercultural learning.

Vision
All people connected in one global community.
What makes Xperitas Programs Different?

Language immersion
- Living and interacting with native speakers makes the language come alive.
- Total immersion allows you to practice the language in a real-life setting and build confidence in your language ability.

Cultural immersion:
- Exposure to cultural differences can allow for the development of self-awareness and global perspectives.
- Interaction with real people and families fosters deep, authentic cultural connections.
- Pre-departure intercultural preparation equips students with the coping skills to thrive in ambiguity and discomfort.
In addition to the strong emphasis on language and cultural immersion, Xperitas offers:

• More than 45 years of experience planning travel with family stays
• Dedicated program managers who speak the target language and are experts in the destination
• Financial aid and scholarships available to further our commitment to inclusion

Why stay with a French family?

- To fulfill Xperitas’ commitment to offer students cultural immersion experiences abroad
- Opportunity for students to observe and partake in daily life in France
- To practice using French in a real-life setting
How does Xperitas find host families?

- Xperitas works with trusted Family Stay Coordinators, who may be teachers, community leaders or members of community organizations.
- Coordinators choose and evaluate families using culturally appropriate methods.
- Host families provide room, board and genuine cultural experience for students.
- Xperitas travelers might share a room with a host sibling of the same gender, but will always have their own bed.
Apprehension for the family stay is normal!

• Many parents and students express nervousness and hesitation in reference to the family stay – it’s normal.
• Stepping outside one’s comfort zone offers more profound opportunities for growth
• In 2017, 92.5% of Xperitas participants rated their family stay experience as good, great or exceptional. Many highlight it as their favorite part of the program!
Preparation is Key!

• Xperitas provides:
  • Tools and activities to help prepare for a successful family stay experience and overall trip
  • Regular preparation newsletters for both parents and leaders, leading up to the program

• Before the trip, we'll meet as a group to:
  • Learn about French culture, customs and traditions
  • Complete and discuss critical thinking activities to foster cultural self-awareness and intercultural competence

• Be sure to seek out additional opportunities to practice French before we go!

Testimonials from past participants

I had another option to travel to Europe this summer, where I would have seen seven countries in 16 days with a very large group. I chose this program so I would be able to see and be involved in the culture rather than just be a tourist.”
– French Student, IA

“The speaking was so hard, but so beneficial. The family stay is the best part of the trip and we still message each other daily. We already have plans to visit each other again.”
– Student from Prairie HS

“This was a once-in-a-lifetime experience that I wouldn’t have missed for anything. I had a great time and got a chance to experience in real life what we had been learning in class for four years!”
– French Student, WI
