What Others Are Saying

“It was really rewarding to see my understanding of the language grow throughout the trip. I remember one point specifically in my host family’s kitchen I could understand a conversation almost entirely. It started to feel like my four years of German had paid off.”

We believe that living with a family, speaking their language and participating in their customs is the best and most authentic way to experience another culture. It’s also what makes our programs different from any other travel experience. After more than 45 years of arranging family stays, we’re no longer surprised when our participants say that living with a family was the best part of their experience!
